Winter, for me, is the most special time in the Lakes. As the weather cools and the leaves change colour, every visit to this beautiful part of the world starts to feel like an adventure.

In this guide you will find everything you need to travel around the Lakes hassle free and in a sustainable way. It is full of all the details you need for our services, along with ideas for some great little adventures of your own. Plus you can take advantage of the government funded fare cap on all single journeys too.

We also have our website and app, where you can buy tickets before you travel or use our journey planning feature which shows you exactly where to get the bus and even where it is along the route!

I hope you have a great trip with us, and as they say around these parts, there is no such thing as bad weather - just the wrong clothing!
