Contact your local authority for details of how to apply and to view the terms, conditions and rules applying to these schemes.

Tickets on our night buses

All tickets (including return, day return, flexirider, dayrider, megarider, student tickets and concession passes) can now be used on our N55 and N58 night services. Nightrider tickets (within the nightrider ticket zone) are also valid.

Travelling with dogs

There is no charge for dogs. Guide dogs and assistance dogs will be admitted at all times and other dogs at the driver's discretion.

Through fares

A dayrider/megarider ticket is usually the cheapest option for multiple single journeys, however for many trips we have a combined fare even if you need to change buses, which may work out to be more cost effective.

For example if you're travelling to Edinburgh Airport we offer a through fare on our Express network and JET 747 route so you'll only need one ticket, even if you need to change vehicle. Ask your driver if a through fare is available.
